### **Message**

The **District Handbook 2024 Thiruvananthapuram** is an appreciable attempt from the District Office, Economics and Statistics to cater the needs of statistical information for planning. It provides comprehensive statistical information of various current socio-economic factors such as, agricultural, population, industries, education, health, etc.

I am very glad to appreciate the sincere effort of Sri. Anish Kumar B., Deputy Director and the entire staff of the district office for their dedication in compiling and publishing this Hand Book. I hope this Hand Book will be useful for the policymakers, planners, researchers and academicians.

### Message

Department of Economics and Statistics plays a crucial role in gathering and analyzing data to provide insights into socio-economic trends within the State. By collecting data from different sectors at the taluk and district levels and consolidating the same at the Directorate level, various indices and reports are prepared and published. This process helps in monitoring the State's socio-economic-environmental progress and arriving at informed policy decisions.

It is very glad to know that District Office, Economics and Statistics, Thiruvananthapuram is publishing District Handbook 2024 containing basic statistics of Thiruvananthapuram District. It will throw light into the status of Thiruvananthapuram district in various sectors like Agriculture, Education, Tourism, etc. I hope that the data in this book will be of immense help to the policy makers, planners, researchers and academicians.

I would like to appreciate the efforts carried out by the staff of District Office, Thiruvananthapuram under the guidance and supervision of Shri. Anishkumar B., Deputy Director, Thiruvananthapuram.

## ABOUT THE BOOK

The **Handbook 2024** Thiruvananthapuram is an attempt from the Department of Economics and Statistics, aimed to fulfilling the need for comprehensive statistical information, particularly for planning and development. This publication focuses on sectors such as Agriculture, Industries, Education, and Demography, etc.

This publication is divided into 31 chapters dealing with the important Statistical data of Thiruvananthapuram District and Kerala. We tried our best to give the up to date information in this Hand Book. I hope that this book will be a suitable reference to the Planners, Administrators, Researchers and Persons interested in Statistical data. The data presented in this Hand Book have been drawn from various Govt. publications and Offices.

This publication is the outcome of the earnest efforts of Smt. Brijila A.S., Smt. Chitra J.V., and Kum. Sruthi S. Statistical Assistant Grade-II ,Sri. Anil M.F., Smt. Priya Kumari V.P., and Smt. Ajitha A., Statistical Investigator Grade-I , Smt. Asha A., Statistical Inspector, and Smt. Amrutha E.S., Research Officer, I extend my sincere appreciation to all the staff of this office for their invaluable contributions in making this publication a fruitful one.

Suggestions for improvement are greatly appreciated.

  
Deputy Director

**ADMINISTRATION MAP**  
**THIRUVANANTHAPURAM DISTRICT**

Prepared by Kerala State Land Use Board

## **1. INTRODUCTION**

Thiruvananthapuram, the capital of Kerala, is a dynamic city that showcases the diverse geographical and cultural richness of the state. It is uniquely positioned between the Arabian Sea and the Western Ghats, offering a variety of landscapes, from the coastal belt along the Lakshadweep Sea to the undulating midlands and the lush forests of the Western Ghats. These diverse topographical features not only enhance the natural beauty of the region but also contribute to its varied ecosystem.

The district is divided into six sub districts: Thiruvananthapuram, Chirayinkeezhu, Neyyattinkara, Nedumangadu, Varkala and Kattakada. The urban bodies in the district are the Thiruvananthapuram Corporation, and the Varkala, Neyyattinkara, Attingal and Nedumangad municipalities.

### **1.1 Location**

The district is located  $8^{\circ} 17'$  N and  $8^{\circ} 51'$  N latitude and  $76^{\circ} 41'$  E and  $77^{\circ} 17'$  E longitude.

### **1.2 Topography**

The district stretches along the shores of the Lakshadweep Sea for a distance of 73.6 Kms. The district is surrounded by Kollam district on the North, Thirunelveli and Kanyakumari of Tamilnadu on the East & South respectively.

### **1.3 Climate**

The climate here is tropical. The wet season overcast, the dry season is partly cloudy and it is hot and oppressive year round. Over the course of the year the temperature typically varies from  $74^{\circ}$ F to  $91^{\circ}$ F.

### 3. VITAL STATISTICS

Civil Registration System may be defined as a continuous recording of vital events such as birth, death and marriage occurring in a population. The registration records are primarily useful for their legal documents and secondarily as a source of vital statistics. The registration records generate current and continuous statistics, which can be available in lower administrative level.

#### 3.1 Birth and Infant Mortality

75	Chemmaruthy	Nadayara (Poovangal)
76	Ottoor	Koottikkada
77	Varkala	Near Varkala Municipality

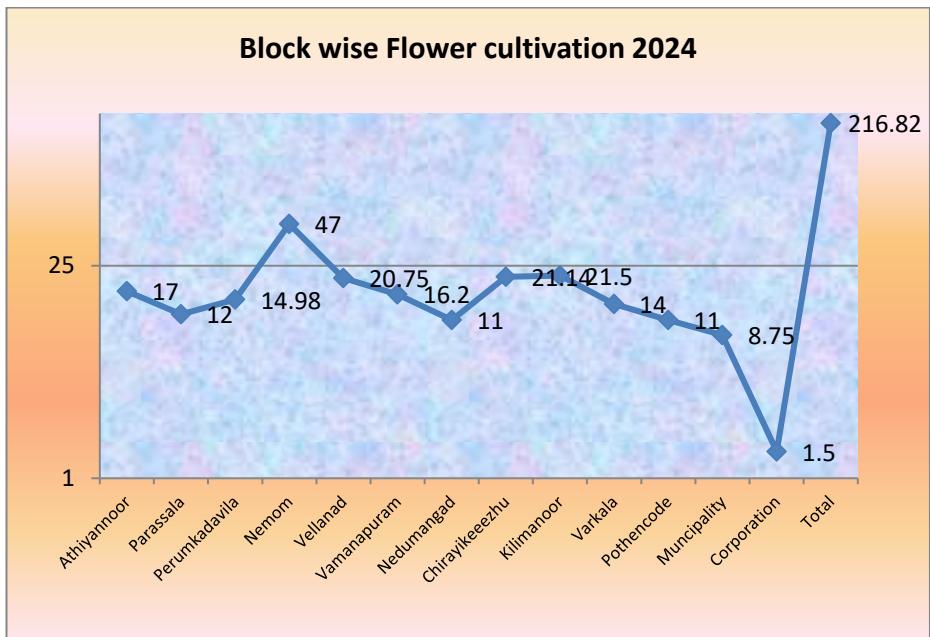

## 5. FLORICULTURE

The potential of floriculture has significantly energized the agricultural sector, especially in Thiruvananthapuram. With the growing demand for flowers during festive seasons like Onam, local production has become a priority. Various institutions and government bodies, including the Agricultural Department, local bodies, the Employment Guarantee Scheme, Kudumbashree, and agricultural cooperatives, are collaborating to encourage collective efforts in flower cultivation. These initiatives aim to promote self-sufficiency in flower production, reduce dependency on external sources, and provide sustainable livelihoods for local farmers and communities. This year, a variety of flowers are being cultivated locally such as **Bandi**, **Marigold**, and **Vatamulla** etc.

### 5.1 Block wise information 2024

## **9. ANIMAL HUSBANDARY**

Animal husbandry plays an important role in strengthening the economy of the state. It provides self-employment opportunity to the unemployed in rural areas. The progress in livestock will lead to a more balanced development in rural economy and hence up-lift the weaker section of the society.

### **9.1 Livestock Population (2023) (Data as per Census Report)**

## 10. DIARY

Dairy Development in India has played a key role in uplifting Indian Economy especially the rural economy of the country. Dairying has been a significant part of rural Indian household since ages, generating a steady source of income and providing nourishment to the family. Dairying is considered as one of the most important secondary occupation for the Kerala farmers. It supports with providing employment opportunities and income generation particularly for women dairy farmers.

### **13.8 Self -Employment Scheme**

There are five self-employment schemes that provide loan subsidy to the unemployed to find self-employment.

#### **1. Kerala State Self Employment Scheme for Registered Unemployed**

It is an individual/joint self-employment scheme implemented in association with the Bank for self-employment of unemployed candidates whose names are registered in the Employment Exchange. 53,63,029/- has been sanctioned as subsidy to a total of 300 beneficiaries in Kerala during the financial year 2023-24. 2,35,000/- has been allotted as subsidy to 14 beneficiaries in Thiruvananthapuram district.

#### **2. Multi - Purpose Service Centers / Job Club**

In the financial year 2023-24, a total of 19 joint ventures in Kerala have been allocated Rs.28,70,148 as subsidy.

#### **3. Saranya**

Women between the ages of 18 and 55 whose annual family income does not exceed Rs 2 lakh can get an interest-free loan of up to Rs 50,000. 50% of the loan amount can be availed as subsidy up to a maximum of Rs.25,000. In the financial year 2023-24, a total of 1,999 beneficiaries have been sanctioned as loan/subsidy of Rs.9,99,29,965. In Thiruvananthapuram

district, a total of 159 beneficiaries have been allotted Rs.80,03,452/- as loan/subsidy.

#### **4. Kaivalya**

A comprehensive vocational rehabilitation scheme called Kaivalya is being implemented for differently abled persons registered in employment exchanges. In the financial year 2023-24, under the Kaivalya Self-Employment Scheme, self-employment loans of Rs.1,05,00,000/- have been sanctioned to 210 beneficiaries at the state level, including a total of Rs.25,00,000/- to 50 beneficiaries in Thiruvananthapuram district.

#### **5. Navajeevan**

This scheme provides 25% government subsidy of bank loan amount up to Rs.50000/- for self-employment to unemployed and literate senior citizens in the age group of 50-65 years and whose individual annual income does not exceed Rs.1 lakh. A subsidy of Rs.39,95,000/- has been sanctioned to a total of 320 beneficiaries in Kerala during the financial year 2023-24. 6,00,000/- has been sanctioned as subsidy to 48 beneficiaries in Thiruvananthapuram district.

## **14. TRANSPORTATION & COMMUNICATION**

Thiruvananthapuram is connected to all places by means of roadways, railways and airways. The railway in Thiruvananthapuram district is under division of Southern Railway. The total length of the railway line in this district is 82 KM. The roadways in Thiruvananthapuram district are well developed. The total length of PWD road is 1552KM. Thiruvananthapuram International airport provides both domestic and international services. The water bodies in Thiruvananthapuram are suitable for water transportation.

#### 14.6 Road Accidents

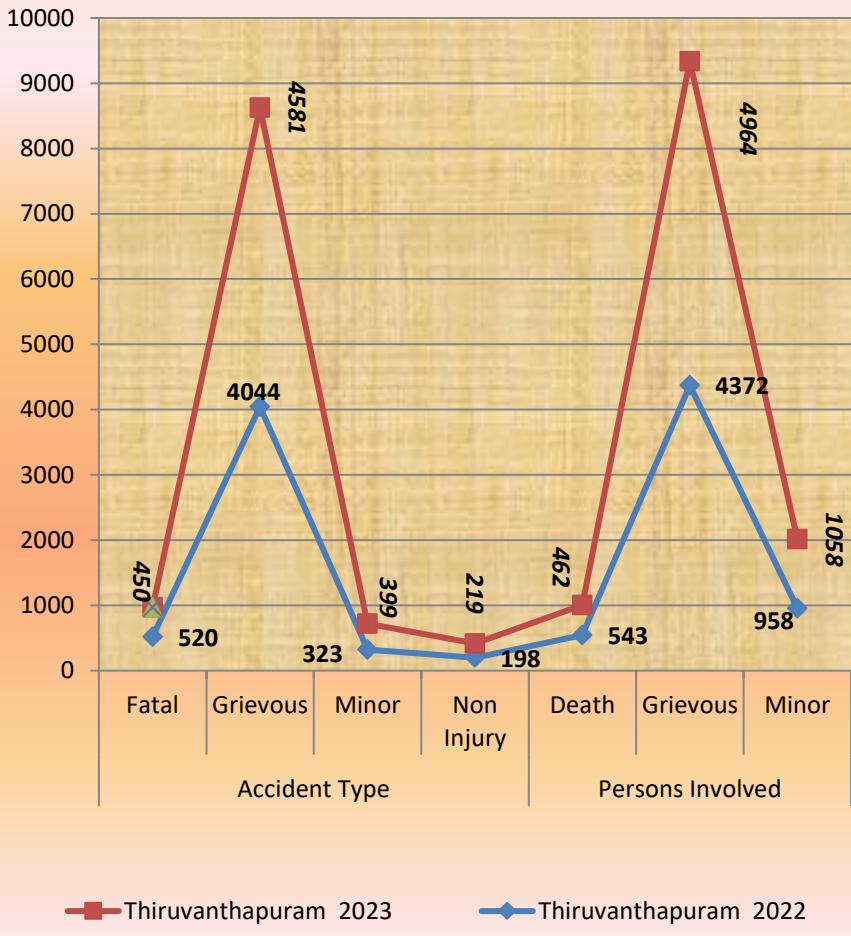

In recent years, there has been a general trend of increasing road accidents, primarily due to the growth in vehicle ownership and traffic congestion. Over-speeding, drunk driving, and lack of awareness about road

safety rules are common contributing factors. Inadequate road infrastructure, including poorly maintained roads and lack of pedestrian facilities, can contribute to accidents. The Kerala government has implemented various measures to improve road safety, including stricter enforcement of traffic laws, construction of better roads, and public awareness campaigns. The use of technology, such as speed cameras and traffic monitoring systems, has helped improve road safety.

## 15. EDUCATION

There has been amazing developments in the field of education in Kerala during the last few years by different governments. The Kerala Model is so famous all over the country, now because of the systematic and progressive developments in Kerala. Women in Kerala are generally far better off than women in the rest of India, and people at all levels of society have greater access to education – as well as a greater say in their governance – than can be found in any other Indian state. Public provisioning of education facilities has long been the basis of Kerala's acclaimed development achievements. As per 2011 census, Kerala ranks first in the State with a literacy rate of 94%. The literacy rate increased from 74.04% in 2001 to 94% in 2011. Kerala has become the first Indian state to achieve 100% primary education.

## 16. TOURISM

Tourism is the largest and fastest-growing industry across the world. It is a source of revenue and employment. It also gives the opportunity for people to understand the culture, civilization, and religious aspects of a country. There are many countries whose main source of revenue is Tourism.

Trivandrum is a place to many exotic beaches, religious sites, water spots and mainly for its weather. The weather of Trivandrum attracts tourists because the first South-West Monsoon showers will be started here in Trivandrum at early of June

### **17.2 Ground water resources**

The main groundwater abstraction structures for domestic and agricultural purposes are dug wells, bore wells and tube wells. In the crystalline and lateritic terrain the groundwater is developed through dug wells and bore wells while along the coastal alluvium the groundwater is developed through dug wells, filter point wells and tube wells.

## 18. IRRIGATION

Kerala is a state in India that receives abundant rainfall throughout the year due to its location in the Western Ghats. As a result, the need for irrigation is relatively low in most parts of the state. However, in some areas where the terrain is hilly or where the rainfall is erratic, irrigation systems are necessary to support agriculture. In recent years, modern irrigation techniques have also been adopted in certain areas of the state, particularly in the cultivation of cash crops like rubber and spices. Drip irrigation and sprinkler irrigation are among the methods that are commonly used in these areas.

### 18.1 Distribution of Waterbodies – Rural & Urban

## 19. HEALTH AND FAMILY WELFARE

Kerala's health status is almost on a par with that of developed economies. The state has succeeded in increasing life expectancy as well as reducing infant and maternal mortality. Our healthcare system has helped in providing treatment facilities to people of all strata of society. The high literacy rate, especially among the females, also played a major role in improving the health scenario.

## **22. STATE INCOME**

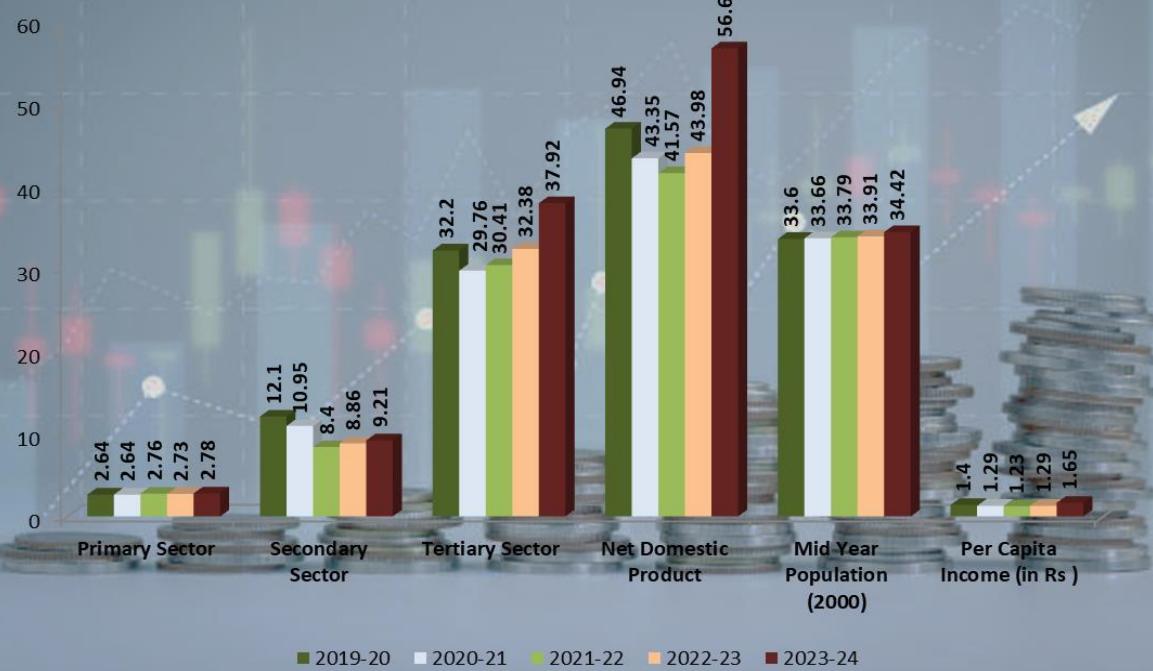

### **22.1 Gross State Domestic Product (GSDP)**

Gross state Domestic Product (GSDP) is mainly divided into three broad sectors like primary sector, Secondary sector, and Tertiary sector. GSDP estimation is based on the guidelines and methodology of National Accounts division of the Central Statistics Office under the ministry of statistics and programme implementation, Government of India GSDP is estimated at market price with base year 2011-12. Compared with other sector, the contribution of service sector shows that the contributions from the primary and the secondary sectors are in a downward trend and major contribution to the GSDP is from service sector.

## Gross Domestic Product at Market price by Industry of origin (At Constant Price)

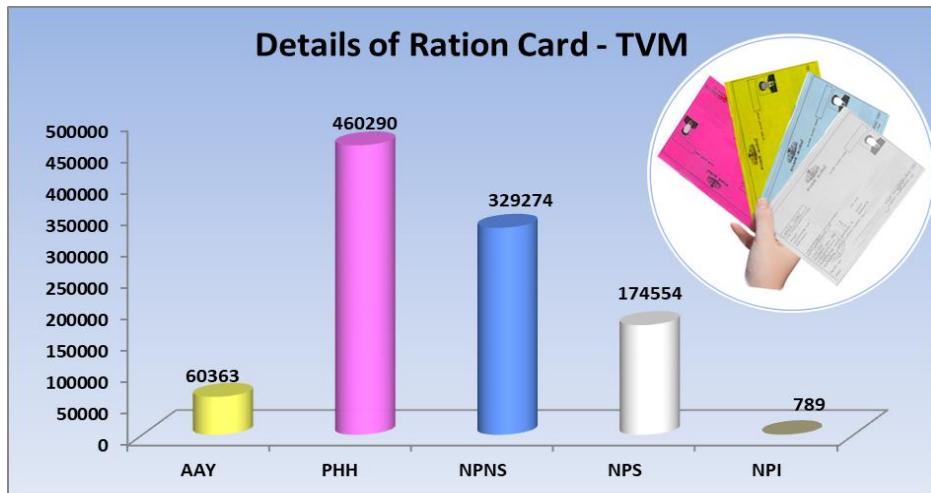

## 23. PUBLIC DISTRIBUTION SYSTEM

It is well known that Kerala had one of the best run and most effective PDS networks in India. PDS system in Kerala – often referred to as the ‘Kerala Model’ of implementation of the food security programme which subsidizes consumers and procures grain from farmers at prices higher than market prices. The effective implementation of the public distribution of food played an important role in improving nutritional status.

## **24. POLICE**

The Kerala Police, established in 1956, has played a pivotal role in maintaining law and order and ensuring the safety and security of its citizens. The Kerala Police is a state-level law enforcement agency under the control of the Home Department of the Kerala government. It is headed by the Director General of Police (DGP), who is assisted by a team of senior officers. The force is organized into various units, including the Crime Branch, the State Special Branch, the Armed Police, and the District Police. The state has consistently been ranked among the safest in India.

## **25. INTEGRATED CHILD DEVELOPMENT SERVICES**

Integrated Child Development Services (ICDS) is a major national programme that addresses the needs of Children under the age of six years. It seeks to provide children with an integrated package of services including supplementary nutrition, healthcare and pre-school education. Since the health and nutrition needs of the child cannot be addressed in isolation from those of the mother, the programme also extends to adolescent girls, pregnant women and lactating mothers. Early childhood is important in the overall human capacity development and ICDS aims at ensuring child survival and development during this crucial period offering a wide range of services.
