

Project Category	Description/Scope of Work	Specific Public Example(s)	Official Record Location
Irrigation Dept Ponds & Panchayat Ponds	The revival, desilting, cleaning, and protection of hundreds of existing public ponds to improve water storage.	Vadavoorkonam Kulam (Malayinkeezhu Panchayat)	Individual Grama Panchayats, Minor Irrigation Dept.
Fisheries Ponds	Select ponds were developed for aquaculture to support local livelihoods.	Comprehensive list is not public.	Local Panchayat, Fisheries Department
Farm Ponds (Krishi Kulangal)	Financial and technical support for farmers to construct new ponds on private land for irrigation.	List of beneficiaries is not public.	Krishi Bhavan (Agricultural Office) of each Panchayat
Water Level Monitoring Ponds	Designated open wells and ponds for regular water level monitoring to analyze groundwater impact.	Locations determined by CWRDM.	Block Panchayat Office, CWRDM
Check Dams	Construction and repair of check dams across streams (like the Killiyar) to boost groundwater recharge.	Specific locations are not publicly listed.	Minor Irrigation Department, Block Panchayat Office
Mini Water Projects	Small-scale drinking water and irrigation projects managed at the local level.	Project details are not publicly listed.	Individual Grama Panchayat Offices
Artificial Recharging Sites	Creation of over 2,500 structures like recharge pits and trenches to facilitate direct rainwater infiltration.	Locations are documented in the Detailed Project Report (DPR).	Block Panchayat Office
Quarry Pond Recharging	Cleaning and channeling rainwater into large, abandoned quarry ponds to create freshwater reservoirs.	Specific quarries are identified in project reports.	Block Panchayat Office
Road Side Water Harvesting	Building catch pits and trenches along roadsides to capture runoff water.	Implemented across all panchayats.	Local Panchayat / Block Panchayat
Lift Irrigation Schemes	Repair and maintenance of existing schemes that pump water from rivers to agricultural lands.	List of schemes is not public.	Minor Irrigation Department
Neerthada Yathras (Watershed Walks)	Participatory surveys to map out water resources and plan interventions. This was a preliminary activity, not a physical project.		Block Panchayat Office
Automatic Weather Stations (AWS)	Installation of modern weather stations for real-time climate data collection.	Govt. V.H.S.S., Malayinkeezhu	Block Panchayat Office
